

ADDENDUM #01
RFB - MOBILE HEALTH UNIT

11/21/24

SEALED BIDS MUST BE RECEIVED ON OR BEFORE FRIDAY, DECEMBER 06, 2024 BY 2:00 P.M. TO BE CONSIDERED.

QUESTIONS SUBMITTED FROM INTERESTED PARTIES:

1. Is there a list of items needed in the interview rooms?
Response: Table and seating for at least 2 individuals. Small items such as glove holders and sharps container holders will be needed as well as an overhead storage cabinet. Computer ports and electrical outlets are also needed.

2. This is 4 separate rooms with locking door, a lab area, and a reception area, correct?
Response: Correct

3. Are there items needed in the lab area?
***Response: Sharps container holders and glove holders
Upper and lower storage cabinets (options for some locking)
Medical refrigerator and freezer
Handwashing sink/soap dispenser
Computer ports and electrical outlets***

4. Are you looking for a truck with over or under 26,000 GVWR?
Response: Preferably 26,000 GVWR or below

5. Are air brakes needed on chassis?
Response: As required by law if vehicle is around 26,000 GVWR or more. More than likely a requirement for this size vehicle. Prefer electric over air (disc if possible) so a CDL is not required to drive the unit.

6. Is a full walk thru opening needed or just a opening 4' or 6'?
Response: 4ft and 6ft openings are not required. These should be standard door openings

7. Do you have a floor plan for this? **Response: No**
