

RFB # 163253

ALUMINUM SODA CANS & ALUMINUM WATER
BOTTLES

QUESTIONS FROM VENDORS

PLEASE PLACE YOUR ANSWERS IN **RED** UNDER EACH
QUESTION.

- 1) The "other locations" of holiday events. Will those be in Tahlequah or another city?
Tahlequah
- 2) The other locations, will they also be required to have a truck/trailer for product holding or ONLY at the Sequoyah sports complex? **Only Sequoyah Sports Complex**
- 3) The other locations, can you please tell me how far delivery will need to be made from the delivery truck? It will be about a mile from the delivery truck. **We will need water taken to One Fire Field 17475-17551 S Muskogee Ave, Tahlequah, OK 74464 and water + Soda taken to the Cultural Grounds 16967-16999 W 810 Rd, Tahlequah, OK**
- 4) The other locations, will brands/flavors be dictated by location? **No – we will distribute and refill to concession stands as events take place in the following days.**
- 5) It says the vendor will "replenish". Are you thinking the 400 cases of pop and the 450 cases of water will not be enough for the entire holiday or could delivery be done on or before Aug 22 of all items? **We may have to replenish some of the brands or flavors, it just depends on how hot it is and how big the crowd is.**
- 6) Will the winning bid be given an exact count of cases wanted to each brand/flavor of soda or is that at the vendors discretion? If it will be dictated, please advise now as different brand/flavors are different prices. **According to the vendor last year 24 cans is a case and we had the following for the initial delivery. 288 Coca-Cola 12 packs, 96 Diet Coke 12 packs, 96 Sprite 12 packs, 288 Dr. Pepper 12 packs and 40 Mellow Yellow 12 packs. 450 cases of water.**
