

Q & A 04.27.2023

On the fixture schedule, there is no description for L-2H that is on P101

Sorry for the omission. L-2H should be equal to a Kohler, model K-2867 wall mount hand sink. Provide a carrier equal to Zurn Z1231, faucet Kohler K-15199, offset tailpiece, grid strainer, CP supplies with wheel handle stops, mixing valve watts LFUSG-B, and a Tru-Bro insulation model 102 and 105.
